

# Attic Hatches

## Attic Hatches

### FEATURES:

- All hatch components are rot-resistant, rust resistant, and easy-to-clean
- Outside frame sizes of a standard hatch are 22" x 32 3/4"
- The attic hatch lids are R13 insulated with a white fibreglass skin
- The jamb is a white composite vinyl, which requires no capping or painting
- Jambs are predrilled behind weather-stripping for easy installation
- Custom sizes are available - maximum size is 23" x 37"
